

4PLAY™ CL

Weight: 12.7lbs (5.7kg)

Size: 33in x 3.5in x 12.5in

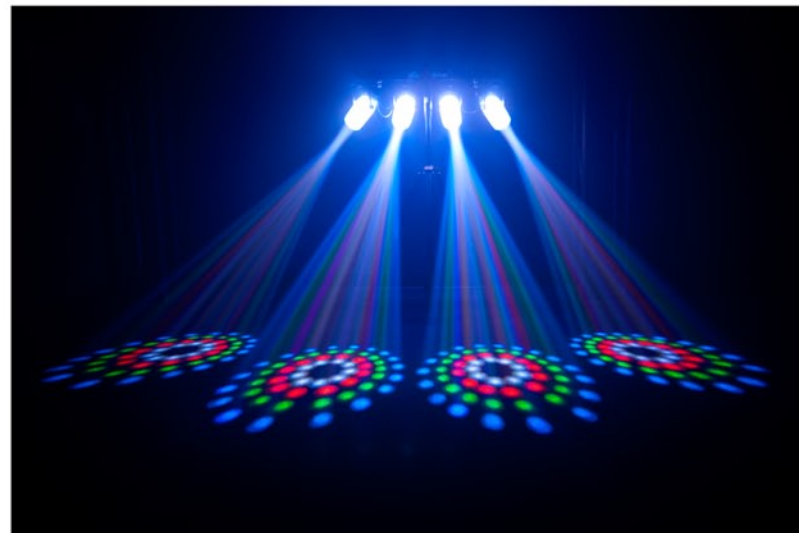

838mm x 89mm x 318mm

Key Features

- Fits onto most standard tripods including speaker stands, and the 4BAR tripod
- Available in with clear heads allowing the fixture itself to become part of the show!
- Each of the 4 heads is individually adjustable and controllable, allowing the user to spread the effect as wide or narrow as they want. Crisscross lights or aim at different elevations for different effects.
- Fast set up allows the user to be ready to go in just minutes.
- Red, green, blue and white LEDs (228 total), with each color in each head controllable for maximum flexibility.
- Linkable power and data for less cable runs
- Built in sound and auto programs for those that don't want to spend time programming.
- Free carry bag included making transport easy
